I am a front end engineer, and former UI designer, currently working as a front end developer at Venture Leap, Berlin. After more than three years working as a Designer, I decided to switch to become a developer.

Work experience

Front End Developer
Venture Leap, Berlin | Since March 2022

- Front end development for several clients of the agency.

Product Designer
Nielsen, Warsaw | January 2020 - September 2021

- UX/UI Design for different products owned by the company.
- Building a global design system used on several products of the company.
- Mockups of a PWA helping panelists to manage their account, used in more than 30 countries, and translated in more than 35 languages, including RTL languages.

Design Engineer
wibas etarate, Hamburg | October 2018 - December 2019

- UX/UI Design & Front End Development for several clients of the agency.
- Mockups of websites managed by the company.
- Graphic design of corporate resources.
- Scrum Master of the development team.

Webmaster
Emy Agency, Brussels | April 2016 - September 2016

- Redesigning, developing and maintaining the agency's websites, such as Mariage.be (online directory for wedding planning) and the agency's corporate website.

Intern & Freelance Designer
L'Amuse Bouche, Lyon | April 2015 - April 2016

- Website design and front end development
- Print design: flyers, business cards, kakemono, stickers board, posters, brochures.
